Allen: UnitedHealth's subsidiary, NaviHealth, faced two lawsuits where AI algorithms allegedly booted patients from rehab centers. Families were left with massive bills—one over $100K, another $75K. Could frustration with AI-driven decisions like this be a motivation? @JOEBOTxyz

"Former Medicare Director, UnitedHealth Executive Joins Former NSA Director at Team8 to Build Companies Across Digital Health, Cybersecurity, and Fintech

"NEW YORK & TEL AVIV-(BUSINESS WIRE)--Team8... backed by partners including Microsoft, Walmart, Cisco, Temasek, and Moody's, today announced that DEMETRIOS L. KOUZOUKAS, a former MEDICARE and UNITEDHEALTHCARE executive, will join TEAM8 HEALTH, a new digital health foundry focused on building and scaling transformative digital health companies.

He joins former NATIONAL SECURITY AGENCY (NSA) DIRECTOR and TEAM8 OPERATING PARTNER ADM. MIKE ROGERS, who joined Team8 in 2018."

🚨 NOTE: TEAM8 is a PORTFOLIO COMPANY of INNOVATION ENDEAVORS, which was CO-FOUNDED in 2010 by DROR BERMAN (Unit 8200) and... ERIC SCHMIDT (Google, 9/11, Novell, Sun Microsystems).

*Team8 = IDF Unit 8200 infiltrates Silicon Valley, with the help of OUR CIA (IQT) and GCHQ.

🚨 NOTE: NSA Director Adm. Mike Rogers is the Chairman of Talon (Unit 8200), an Operating Partner of Team8 (Unit 8200) and is/was the immediate BOSS of ANNE NEUBERGER, who served as the NSA CYBER DIRECTOR (NSA #2).

*TALON was bought out by PALO ALTO NETWORKS (Unit 8200/Mossad) for a hefty $625,000,000, shortly after Adm. Mike Rogers was named Chairman of Talon.

*Anne Neuberger is MARRIED to YEHUDA NEUBERGER, the NATIONAL POLITICAL CHAIR of AIPAC, the TRUSTEES CO-CHAIR of JFNA (Mossad) BALTIMORE and a "RESEARCHER" at THE INSTITUTE FOR HAREDI STRATEGY AND POLICY in ISRAEL.

...and is IDEOLOGICALLY IDENTICAL to the PALESTINIANS in Gaza/West Bank and the "NAZIS (WHITE NON-JEWS)" in the United States who DON'T SUPPORT GENOCIDE and ZIO/BOLSHEVIK JEWISH SUPREMACY.

*SAYERET MATKAL "snuck onto the AIR FRANCE plane disguised as FLIGHT MECHANICS" and proceeded to "rescue 103 JEWISH HOSTAGES" from the NAZIS and BROWN PEOPLE in ENTEBBE, UGANDA.

🚨 FUN FACT (FICTION): ANNE NEUBERGER'S PARENTS were (supposedly) on-board the "HIJACKED AIR FRANCE PLANE" and were 2 of the "JEWISH HOSTAGES" who were "SUCCESSFULLY RESCUED" during OPERATION ENTEBBE.

September 11, 2001

*A terrorist attack against the United States carried out by SAYERET MATKAL operatives like... EHUD BARAK, BENJAMIN NETANYAHU and DANIEL LEWIN, with huge involvement (help/support) from IDF Unit 8200 & "MAMRAM", CIA, FBI, NSA, Mossad, China, GCHQ and the "Jeffrey Epstein pedo mafia".

*Daniel Lewin was a Sayeret Matkal 9/11 hijacker who'd snuck a GUN ABOARD AA FLIGHT 11, thanks to help and protection from sitting FBI DIRECTOR MICHAEL CHERTOFF (a 2nd generation MOSSAD OPERATIVE) and his TSA FAMILY, WHO PROFITED IMMENSELY OFF OF THE HEIGHTENED SECURITY MEASURES AND SCANNERS INSTALLED AT AIRPORTS NATIONWIDE AFTER THE 9/11 ATTACK.

Chertoff's mother, Livia Chertoff, helped to smuggle ~45,000 Yemenite Jews into Israel in 1949 during Operation Magic Carpet.

*Daniel Lewin (and his Unit 262 compatriots) actually murdered the pilots and helped carry out the attack, while we've been told for DECADES Lewin was "the FIRST CASUALTY of 9/11", all because he'd "heroically tried to intervene" and was stabbed by one of the "brown people hijackers".

*In reality, Daniel Lewin was Founder & Chief Architech of Akamai, the CDN still used by the CIA/NSA/FBI/DHS today, and wrote SOFTWARE MANUALS for the same SUN MICROSYSTEMS (Eric Schmidt, Vinod Khosla, Carol Bartz, Charles Hallac, Benett Golub) that was a MOSSAD cyber team that CREATED the ALADDIN platform and led to the FOUNDING of BLACKROCK (1988).

(Much of it subsidized by BLACKSTONE, no less.)

THE SAYERET MATKAL CONNECTION - Ehud Barak was Netanyahu's commander in the Sayeret Matkal, an independent covert commando force of Israeli military intelligence and the Chief of Staff. Other members of this covert force, e.g. Daniel Lewin, were involved in the events of 9-11.
Wiles, Lewandowski and their team flew to Jerusalem in early 2020, still in the honeymoon phase of the relationship between the two leaders. During a brief stint there, they camped out in a conference room at the Leonardo Plaza hotel and took credit for transforming Netanyahu's campaign events into Trump-style rallies: empty stages, loud music and a spotlight on the man in charge.
In the spring of 2020, as Netanyahu was facing an indictment and feared he was on the brink of losing an election, some of Trump's most trusted advisers touched down in Jerusalem: Susie Wiles, now White House chief of staff; Corey Lewandowski, who managed the president's 2016 campaign; and Tony Fabrizio, Trump's longtime pollster, among others.
They were there because Netanyahu's staff asked for help in his bid to remain prime minister, and Trump's A-team agreed to deploy.
A person familiar with their time in Israel said Wiles and her team were brought in to consult on Netanyahu's campaign and create a voter database but left quickly after Likud, Netanyahu's right-wing nationalist party, could not afford their services.
"President Trump and Bibi worked closely on a lot of things. They were strong allies," the person said, speaking on the condition of anonymity to discuss private conversations, when asked why Wiles and the team went to Israel. "It wasn't hard to convince them to go."
However, interesting information on Israel's specialists in aircraft takeovers and assassinations, Sayeret Matkal.
Sayeret Matkal: Israel's special team for aircraft hijackings, assassinations, plane-baesd revenge hits (state terrorism) –& 9-11's AA11#2 ?
On BBC, first words out of Shamir's mouth on 9-11 when asked about the hits on the WTCs and the Pentagon; "Well it's very good, no, no...it's very bad. Very bad."
The Sayeret Matkal on AA11
This site explores what David Lewin, a Captain from the "world's most elite anti-hijacking team," was doing on AA flight 11 and how he was involved in a shooting. [This means at least he has illegally smuggled a gun aboard, or had been allowed to have a gun aboard by complicit airline personnel.]
Stewardesses called in and said: "The passenger in 9-A was shooting the pilots and leading the hijacking." Story was later changed that Lewin was shot.
Sayeret Matkal: Israel's elite team that handles aircraft hijackings and assassinations
Israel's Sayeret Matkal is charge on foreign CT missions. They specialize in aircraft takeovers and assassinations. There have been rumors linking them with several recent operations but these have never been confirmed by the IDF.
The unit, of only 200, is often disguised as women and Arabs.
Sayeret Matkal History
During the 1970s and 1980s, Sayeret Matkal - a secretive Israeli anti-terrorist unit (akin to the Delta Force) - thwarted many attempted hijackings. (In 1976, its commandos, disguised as flight mechanics, famously stormed a grounded Air France plane and freed 103 Jewish hostages on an airfield in Entebbe, Uganda.)
Members of this unit are trained on the finer points of looking and thinking like an Arab, and have been credited with conducting numerous death-squad killings, disguised as civilians.
Here are some of their typical operations
1- Palestinians hijack a jet to Kenya and the Sayeret Matkal flew in at night and killed all the Arabs.
Sayeret Matkal has its insignia, but it is one of only two units in the IDF, along with Duvdevan, whose soldiers are not permitted to wear it in public due to its classified nature. This lack of insignia often leads to Sayeret Matkal operators being recognized as such, as Matkal troopers don't wear insignia is well known.

Operations
Sayeret Matkal is a renowned Israeli special forces unit that has participated in numerous operations throughout its history. One of its most celebrated missions was Operation Thunderbolt, also known as Operation Entebbe. This operation, which took place in 1976, involved the rescue of more than 100 passengers from an Air France airline hijacked by Palestinian Liberation Organization (PLO) terrorists. The mission was widely considered one of the most successful counter-terrorism operations in modern history, with only one casualty, the unit's commander, Jonathan Netanyahu, killed by enemy gunfire.
However, not all of Sayeret Matkal's operations have been successful. In 1994, the unit failed to rescue Israeli soldier Nachshon Wachsman, who was being held hostage. His captors killed him during the mission.

Neuberger, 44, will take on the newly created position of deputy national security adviser for cyber and emerging technology. The role was created amid an ongoing investigation into the SolarWinds attack, believed to have been conducted by a Russian APT, which compromised up to 10 Federal agencies, US intelligence recently confirmed.
Anne Neuberger has been NSA Director, Cybersecurity Directorate since early 2019. A multilingual 11-year NSA veteran, she was raised in a Hasidic community in Brooklyn by ultra-Orthodox parents who had fled Communist Hungary, and at the age of 31 was the first woman to serve as a special assistant to the secretary of defense, where she was tasked in reducing deaths from IED impact on armoured vehicles in Iraq.
(Israel's Ynet has a longer interview from 2015, in which she also reveals that her parents were on the 1976 Air France flight that was hijacked by Palestinian and German militants, resulting in Operation Entebbe).
Her appointment was welcomed by Robert Hannigan, the former GCHQ director. Hannigan (now executive chairman of security firm BlueVoyant) said: "Good to see the Biden Administration giving cyber security priority and restoring to the WhiteHouse strategic leadership in this critical area. A huge agenda but Anne is a great choice for the role - deeply knowledgeable on cyber both for government and industry and a pleasure to work with. I wish her well - we will all benefit from a new US focus on cyber."
The Biden team also selected Elizabeth Sherwood-Randall, who previously served as deputy secretary of the Energy under President Ob... national security adviser and homeland
